About me

Experienced WordPress website designer with over 6 years of expertise in creating modern, high-performing websites for businesses that value their brand identity. Skilled in transforming outdated websites into clean, fast, and professional platforms that communicate trust, deliver value, and leave a lasting impression.

Experience

Freelance

Jan 2023 - Present

Wordpress Designer

Collaborated closely with clients to understand their business needs and brand identity, delivering custom WordPress websites tailored to their goals. Successfully built user-focused, high-performance websites that helped clients strengthen their online presence and drive business growth.

Agency Marketing Lavan

May 2022 - Dec 2023

Wordpress Developer

Developed and optimized WordPress websites for corporate clients, ensuring high performance, SEO readiness, and responsive design. Played a key role in reducing website load times, improving search engine visibility, and helping clients achieve better online presence and engagement.

Salinteam

July 2019 - April 2022

Frontend Developer and Wordperss Developer

I started as a web development intern and progressed to a professional WordPress developer role. Contributed to enhancing website quality and delivery speed, helping the team meet client deadlines more efficiently and improve customer satisfaction.
